## ABOUT US

**Checkpoint Wear (CPW)** is a shareholding textile-wear manufacturer founded in 2018 in Cairo, Egypt By Mr. Mohamed Sayed & Eng. Tarek Foda.

CPW is a loyal business partner determined to remain competitive and provide top-notch quality.

Our plant provides our customers with the full range of knit-wear ready garments, including - but not limited to - active & sports wear with the know-how & finance capacity to cover the growing needs of our US & European clients.

CPW is always looking for long-term standing partnerships with it's customers constantly guaranteeing compliant quality standards & continuous competitive pricing.

## CHECK POINT

## OUR MISSION

We aim to be the GO-TO solution provider and partner for major international sports and active wear brands in the MENA region.

---

## CHECK POINT

## OUR HISTORY

From the founders' previous experience in serving the local & regional market and its brands with excellent active & sportswear garments. Within one year, CPW was able to switch to international exports.

Today, we have our own plant, which provides different collections, signature designs as well as, CM (cut & make) as per our client requests.

---

## OUR EXPERTISE

Our unique team creates well-designed collections for Women, Men, and Kids.

**CPW** planning & design department carries out more than 30 years' experience & is able to achieve quick and successful product development with our US & European client teams.

We professionally handle all kinds of knit fabrics like: Single jersey, French terry, Pique, Feeder stripe (all kinds), Fleece, Engineered stripe, Interlock variegated rib, Rib 1x1, Velvet, Rib 2x2, Flat lock, Yarn dyed knit fabrics & Crepe polyester materials.

**Fabric Composition:** 100% Cotton, Cotton-Lycra, Cotton-Polyester, Viscose

**Garment Wash:** Silicone, Enzyme, Softeners

We follow international COC and human rights standards to guarantee proper and fair working conditions. Our Plant is equipped with all necessary resources including:

- Firefighting system
- Abundant water supply
- Hygienic Water supply
- Sufficient lighting
- Top-Notch ventilation system
- Staff Cafeteria
- Staff lodging quarters

## OUR COMPETITIVE EDGE

CPW's competitive edge is built on a number of angles ranging from the lower cost of labor due to recent devaluation of EGP, the availability of fabrics on the local market due to the long age of textile business in Egypt & extending all the way to extremely short lead time to the US East Coast (10-12 Days).

Last but not least, being registered under QIZ FT (free-trade) agreement between Egypt and the US, CPW's products enter the US market tariff exempted, which is a huge edge for our buyers compared to Chinese, Indian and other exporters to the US market.

Same goes for our European clients where Egypt enjoys a FT (free-trade) agreement with European community.

Being an Egyptian exporter, CPW enjoys special trade agreements with Africa under COMESA, Arabs countries through Arab Bilateral trade agreement as well as Agadir and MERCOSUR for Latin American market. Coupled with US market QIZ & European EUFTA, this covers big part of the world.

## **OUR CSR (CORPORATE SOCIAL RESPONSIBILITY)**

Based on the concept and the vision of going 100% exports, CPW has been socially aware since its inception. Health & safety of our workers has always been among our top priorities and we constantly invest in the education and training of our key team members.

### **Among initial measures taken so far:**

1. First aid and necessary medical assistance is provided 24/7
2. No employment of minors; we do not support child labor!
3. Government rules & regulations are strictly adhered to.
4. Fresh & purified drinking water is available.
5. Enough rooms & toilets are available on different plant floors
6. Our plant houses (3) separate staircases in case of emergency.
7. A well-maintained plant & safe working system.
8. Suitable arrangements for the safe-use, handling, storage and transport of material and garments.
9. Adequate information, instruction, training & supervision.
